Dear Mr. Whitfield and company;

I am writing to let you know that your album "Hallelush Raybow" is a masterpiece. You and the choir with the help of the Lord are doing great things. I only want to compliment you and the choir & encourage all of you to keep on singing. I go to Church every Sunday, but I have friends who have started going since hearing you & the choir.

I don't know if the choir's intentions were to draw men & women to Christ but it's working out like that. May God bless each of you.

Prayfully
Robert Forner.

P.S. My favorites are
